

Cripple Creek Assay Office Collection

This archival collection consists of material from seven different assay offices located in Cripple Creek, Colorado. The majority (five of the six boxes) consists of records from J. I. Brown's office during the 1901-1933 period. The Brown material consists of assay ledgers and a large number of ledgers that we have identified as pay ledgers, but these ledgers need some more careful work to positively identify their contents. Box 6 contains a variety of blank forms and stationary used in six other Cripple Creek assay offices.
